## MHT Series

# Ventilation Fans

### Product Description

- ❖ The MHT Series Ventilation fan which is special design to save electric power and low noise, keep high wind flow.
- ❖ The impeller made of metal has strong points such as operate steadily, beauty appearance, rational structure, etc.
- ❖ The motor can keep running continuously for long hours, high quality copper windings and quality testing each motor with care.

### Application

- ❖ It widely used for ventilation and exhaust system in warehouse, kitchen, factory, restaurants, hot-work areas, industries, etc.
- ❖ Our MHT ventilation fans are designed precisely for such as portable and low noise conditions.
- ❖ Aside from many other application areas, our MHT ventilation fans are in use in the painting industry, underground construction work areas, greenhouse farms, sewage plants, etc.
- ❖ They ensure the exhaust of hot temperature air and smoke or dust as well.

### Technical parameters

Model	Diameter	Voltage	Frequency	Speed	Power	Air Flow
	mm / Inches	V	Hz	rpm	w	m <sup>3</sup> /hr
MHT-40	400(16")	220	50	1400	250	4,500
MHT-50	500(20")	220	50	1400	370	5,800
MHT-60	600(24")	220	50	1400	550	8,700
